

Interprofessional Education Your Way

Enhance your IPE experiences with Maryland Area Health Education Centers

Maryland AHEC Scholars

Let's Transform the Maryland Health Professions Workforce

AHEC Scholars is a national, innovative, and interprofessional program geared towards health profession students. The two-year program exposes students to interdisciplinary didactic and community-based clinical or experiential training in rural and/or underserved areas. Eligible disciplines:

- Dentistry
- Medicine
- Nurse Practitioner
- Pharmacy
- Physician Assistant
- Psychology
- Social Work

Benefits

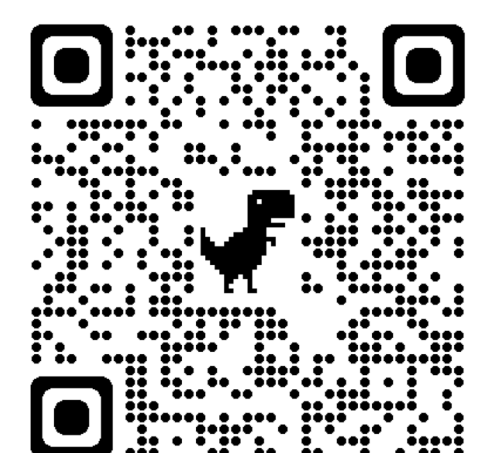

- Earn a Maryland AHEC Scholar Certificate of Completion, signifying an advanced accomplishment in interprofessional education and skills.
- Become an interprofessionally trained thought leader in your field and create an invaluable network of mentors and colleagues.
- Work together with other disciplines, learning their roles and responsibilities.
- Enhance your clinical knowledge about rural and underserved healthcare throughout Maryland.
