

Geriatric Assessment Interdisciplinary Training (GAIT) Program

Take a break from your syllabi and required textbooks to join one of our **FREE** themed interactive workshops designed for health and social science majors enrolled at a University System of Maryland Institution.

What will I gain by attending?

- Build confidence, leadership, and interpersonal skills
- Personalized attention, feedback, and mentorship
- Supplement your fieldwork and become workforce ready
- Receive field hours, if needed

What is expected from me?

- Complete independent activities (Ex. watch videos, read articles, and complete discussion board posts)
- During the live workshop, with cameras on, actively participate in a case presentation with your interdisciplinary team
- Have fun!

Topic: Planning for Aging in Place:
Continuing Care at Home and
Supporting Older Adults through
Their Aging Journey
April 25, 2023, 8:30am to 12:30 pm

Topic: Advancing Care Excellence:
Special Considerations for Recovery &
Rehabilitation of Older Veterans
June 16, 2023, 9:00 am to 1:00pm

Are you a Faculty Member?
GAIT Workshops can be a great
addition to your curriculum.
Use it for extra credit or as a
part of your required class work.
