

# 2022 Highlights

# ANNUAL REPORT

The Central Maryland Area Health Education Center (CMAHEC) works to increase health equity by educating and strengthening the healthcare workforce. CMAHEC provides interdisciplinary educational programs that bridge academic, healthcare, and community settings to transform the healthcare delivery and outcomes for residents in medically under-served communities in Central Maryland.

CMAHEC provided training for

# 37

AHEC Scholars

**AHEC Scholars Program** is a national inter-professional program geared towards health profession students. Students are exposed to interdisciplinary didactic and community-based clinical training in rural and/or underserved areas.

**Clinical Training** improves the readiness, willingness, and ability of health profession trainees to serve in primary care, and underserved community settings.

Facilitated
